"I am the way, the truth, and the Life"
JOHN 14:6

The message of Easter cannot be written in the past tense. It is a message for today, and for the days to come. It is God's message which must re-echo through your lives. From the dawn of time, man has erected the Spring with sacrifices and ceremonial rites of rejoicing, marking the departure of winter and the arrival of the welcome Spring. The rites terminating on Easter Sunday teach victory of light over darkness, right over wrong, life over death immortality over mortality, love over hatred, hope over fear and doubt. This is the season for meditation and self-appraisal for re-dedication of our spiritual values. It is the time to renew our obligation to love our fellow man.

TOWN COUNCIL DOINGS

Meeting March 9.

The Council approved the appointment of Wilburn K. Ross to be a member of the Council, replacing V.J.Houcrtz who is unable to serve. Allan J. McCullough was previously appointed to the Council in place of Earle R. Milne, who was appointed to the position of Town Marshal.

The Council approved the purchase of a three section aluminum 35 foot ladder for installation on the Fire Pumper Truck; also the installation of two fire alarm boxes in town. They authorized the disposal of three bicycles by sale to the highest bidder. They also approved the removal of an old relic of the past - the fire hose cart house located at the rear of the DuPont Market.

Mrs Leona Wood donated a beautiful rhododendron bush to be planted in a bed at Town Hall, as a memorial to her Mother, Mrs Ed Clisho.

The Council voiced the unanimous opinion that Ordinance No. 66, making it unlawful to permit dogs to run at large within the Town of DuPont, be enforced to the letter.

Any dog owner may obtain a copy of the Ordinance from the Town Hall, and while doing so, you'd better obtain a license for your dog for the year 1967.

H.L.Robinson - Mayor.

A NEAR TRAGEDY.

What could have been a real tragedy occurred Sunday, March 12th, when Major (ret) Kenneth Karnes was the victim of a power saw. He was sawing limbs from a tree in his yard, and slipped at a critical moment. The saw cut a 10 inch gash, two inches deep in his thigh. Betty raced him to the Madigan Hospital where, after four hours of surgery, he found he was very lucky that he would have no permanent damage. It does make a difference which limb you cut, Ken.

MAUDE M. BOWDEN.

Mrs Lee (Maude) Bowden, formerly of DuPont, passed away last Thursday afternoon, at Hearthstone, 6720 E. GreenLake Way No., Seattle, where she had been making her home for the past year.

Mrs Bowden was born in Iowa, in Sept. 1898. She lived for a time in South Dakota, then in Spokane, coming to the Fort Lewis-DuPont area in 1944. She was Assistant Office Manager for the Fort Lewis Officers Club for ten years before her retirement in 1963. She and her husband lived at 501 Barksdale for a few years. He passed away in 1964, and last July she sold her home to S/Sgt Devon Schilling, and moved to Seattle.

She is survived by two sons, Lee and Elden of Seattle, and seven grandchildren. Private funeral services were held at the Washington Memorial Funeral Home in Seattle.

DID YOU KNOW....???

That Fort Lewis is Washington's fifth largest city?
That Washington's second largest industry is....Fort Lewis?
That the average on-post population of Fort Lewis is about 45,000?
That Fort Lewis represents, both in area and population, 10% of Pierce County with a land area os 86,000 acres?
That Fort Lewis owns a quarter of a million acres of land at the Yakima Firing Center, several thousand acres at Vancouver Barracks and Fort Lawton in Seattle, making a total area of some 360,000 acres?
That Fort Lewis has 750 miles of streets and roads, and 40 miles of railroad?
That each day enough ice cream is consumed at Fort Lewis to make about 24,000 milk shakes?
That if the bread eaten in one year at Fort Lewis were stacked in the inside of a standard baseball diamond it would make a pile 80 feet high?
That Fort Lewis purchases enough gasoline from the local area to drive a car to the moon and back 182 times each year?
That Fort Lewis will be celebrating its 50th Anniversary this year?

Congratulations to our Military Neighbor!

THE GAS MAINS.

The work is all finished, the pipes are laid, the yards show no bad effects and the alleys are in better condition than before. After the digging was all done, the Malyon Construction Company who had contracted for the job, resurfaced the alleys with gravel, and corrected some bad areas with a little scientific know-how, and the whole job was done with as little discomfort to the residents of the Town as was possible.

The Town Council joins with the rest of the population in thanking the Construction Company as well as the Gas Company for a job well done.

The sun shines in the springtime
With light so warm and kind
That when I take my hat off
I feel it in my mind.

Please accept my gratitude for the cards, visits, and good wishes, but most of all for the prayers offered in my behalf while I was hospitalized. Without them I feel sure I would not have been so successful in recovering from my injury.

THE WAYSIDE PULPIT.....

What does Easter mean to you? A special Sunrise Service at Mountain View, Brigade Chapel or Cheney Stadium? Or the Sunrise Services, such as the Hollywood Bowl, which is known all over the world.

For many, for our own men in Viet Nam, Easter is a day of special longing, of a desire to be back home where "I would be with my family, attending Easter Services". For others it will be a day of dismal death.

Easter is far more than a special Sunday. It means far more than bunnies and bonnets can ever tell. It represents far more life than an Easter egg hunt can ever suggest.

Easter means new life...for you! It is God's gift to anyone who wants it and who receives it. In the resurrection of Jesus Christ, God is saying, "Friend I'm with you. Now you can come with me!" Will You?

St Patrick's Dance.

St Patrick's Day was rather loud this year. If the citizens of our fair city are wondering what all the noise was, please consider the teen-age dance in the Church basement on that evening. All Junior High Teenagers from town were invited and could bring one guest, so there were about 40 or 50 kids present. The dance was chaperoned by Mrs Smith, Mrs Iafrati and Mrs Foreman. Refreshments were served. Music was supplied by the "Fun Lovin' Kids" a band from Fort Lewis, and about the middle of the dance, "Pope John and the Bishops" took over. At Intermission there was special entertainment by "The Pots", a local group consisting of Michael Smith and Darrel Asmus. Decorations followed a St Pat's theme. Dancing was from 8:00 to 11:30, and a groovey time was had by all.
